MAY'S OLD KONA COFFEE

We can't say too much in favor of MAY'S OLD KONA COFFEE. There is no other coffee that can approach it in flavor and general quality.

The coffee is well aged. This is one of the reasons why it is so good. Coffee must be carefully stored to be at its best. Nearly all coffee is too new.

Roasting and grinding are most important operations in preparing the coffee bean for use. We pay special attention to these very vital processes. Our coffee is freshly roasted and is ground fresh for every customer.

Taking the above facts into consideration, is it wonderful that no other coffee can compare with MAY'S OLD KONA COFFEE?

DEVELOPS NOTHING AT INVESTIGATION

SUPERVISORS LAST EVENING DID NOT ACCOMPLISH MUCH IN THE KOREAN MATTER.

The Board of Supervisors met last evening to consider the case of Y. Maun Young, the Korean who accuses Henry Vida with torturing him while he was a prisoner. Nothing of a material nature was accomplished, the meeting being adjourned until Tuesday evening to allow the bringing of another Korean as a witness from Ewa.

Those present were: Chairman Smith, Supervisors, Cox, Lucas, Moore, Archer, Clerk Kakaokalani, and Bufanreau, Sheriff Brown Sheriff's Assistant Vida, stenographers Kearns and Chorton, County Engineer Guy Gere, Attorney Lightfoot, Detective Lake, L. G. Blackman, Officers Miki, Joe Leal, Manuel Leal, Fred Wood, County Attorney Douthitt, Warden Woods, Interpreter Yuen, members of the press and several police employees.

Chairman Smith started the ball rolling by stating the reason for the calling of the meeting. The Board of Supervisors had been requested to investigate the charges made by the Korean against Henry Vida, assistant sheriff. Attorney Lightfoot was present but he stated that he was simply there as attorney for the Korean. He stated that the case was to go to the Grand Jury and after hearing that Supervisor Moore made a motion to the effect that the Board drop the investigation.

Supervisor Moore's motion found a second in Supervisor Archer. At this point Chairman Smith stated that he thought that the board should investigate the charges as they have been requested to do. Supervisor Moore then stated that he would withdraw his motion provided that Archer was willing. Archer said that he thought that it would cost too much money. However the board decided to continue the investigation.

The Korean was then called to the stand and was told to tell his story. He did so and though he was closely questioned he could not be shaken in his testimony. He testified how he was taken to the Police station and asked regarding a revolver with which he had shot a countryman. He denied any knowledge of the affair and he was then put in a cell. Later he was taken to see Vida and was told by that person that he would be killed in five minutes if he did not tell the truth. At the end of five minutes he was kicked and otherwise mistreated. The next day together with some policemen Vida threatened to kill the Korean and then he was given the water cure. He was then told he would be put in a pipe which would carry him into the sea. A rope was then put about his neck and a policeman and Vida pulled at the ends until the Korean said "yes" in despair. He was then locked up for two days without food or water.

Henry Vida was next called to the stand. He told how he had questioned the Korean and denied using any violence whatever with the man. He had been questioned in regard to the shooting but nothing was learned. The man was given three meals a day. Vida's testimony could not be shaken.

Sheriff Brown was the next man called to the stand. He testified that he saw the defendant on the evening he was questioned. He knew of nothing taking place out of the way. The defendant had seen outside parties several times but they had not been told by the defendant of the cruel measures taken against him. Ah Choy was the man who assisted Vida in examining the Korean.

Joe Leal was called to the stand. He knew of no cruelty about the station. He knew nothing of the Korean's tale of woe.

Choy and Melanphy were both called but they knew of no cruelty ever employed about the station.

The hearing was then postponed until Tuesday evening as there was another Korean at Ewa who was needed. Chairman Smith remarked that more corroborative evidence was needed.
